## Managed Compliance Services for WEEE, Batteries & Packaging

WEEE

Batteries

Packaging

If you have existing compliance arrangements in place we can...

If you have no current compliance arrangements in place we can...

Audit your existing arrangements to identify compliance gaps

Provide a legal compliance assessment to determine your legal exposure

Assist with compliance upgrades where required

Implement compliance arrangements for you

We manage your compliance in each country:

- Producer registration and reporting arrangements
- Pay all recycling fees (you receive one invoice)
- Keep up-to-date with Regulation changes
- Centralised and secure data reporting platform

Prioritises all upcoming reporting deadlines

Chases users for sales data in each country

Checks data is entered in the correct format

Issues annual WBP compliance certificates
